# Formpipe awarded Solution Provider of the Year 2021 by Temenos.

Formpipe is excited to announce that the company has been awarded 'Solution Provider of the Year 2021', by Temenos, one of the world's leading banking software providers.

Over the past 15 years, Formpipe has continued to develop and grow its partnership with Temenos and can proudly state that Formpipe's software will be among the first partner solutions available on Temenos' cloud platform, Temenos Banking Cloud.

"It was a great honor to receive this award on behalf of Formpipe. We have worked with Temenos for over 15 years to develop and integrate closer to their leading banking application. This award further signifies Temenos' belief in their partner model where Formpipe is evaluating additional integrations and developments in our relationship during 2022."  
– Mike Rogers, Commercial Director at Formpipe

Almost 100 financial institutions are currently using Formpipe's pre-integrated solutions, Lasernet and Autoform DM, both of which are available on Temenos Exchange, (Temenos' marketplace for partner solutions). Formpipe's software provides enriched and branded customer-facing documents and archiving across all channels within the Temenos ecosystem.

Formpipe is proud to be one of Temenos' major revenue-generating solution providers and look forward to continued success together in the future.

"The partnership with Temenos is instrumental for our growth journey and today I'm grateful for the recognition given to us. During the last 18 months, we've shifted our business within banking to a cloud-first approach, something that we see harmonizes well with Temenos' strategy. I'm last but not least proud over all of my colleagues who have made this possible." – Christian Sundin, President and CEO of Formpipe
